Target Sends Memorial Day Care Package to Navy SEALS

Employees, customers and local businesses send comforts of home to SEALs serving in Iraq.

SANTA FE SPRINGS, CA – Target Specialty Products shipped a Memorial Day care package to 40 Navy SEALs Team 10. The team, based out of Virginia, deployed for Iraq on April 1, 2007 for a six-month mission.

Target raised over \$1,500 during a six-week campaign. In addition to associate contributions, each of Target's seven offices posted Navy SEAL fundraising posters at office will-call counters for customers that wished to contribute. Target's matching program brought the funds raised to over \$3,000.

Randy Bazz, President of NC Dynamics Inc. arranged a donation of 40 pair of Oakley's Special Forces sunglasses for the team. Turner's Outdoorsman of Chino Hills and Big 5 Sporting Goods of Tustin generously discounted supplies after learning Target was purchasing supplies for a SEALs care package.

"We appreciate the generosity of our customers, local businesses, and our associates which enabled Target to send the team some much-needed supplies," stated Lon Records, President of Target Specialty Products.
