

# ACE the ACE

## PREP COURSE

The ACE (Associate Certified Entomologist) program is designed to benefit the practicing pest control professional. You do not need an advanced degree to participate, just a solid grasp of the practical aspects of applied entomology. The ACE examination is “closed book”, Online, and administered by a proctor ( in person or on-line) who remains in the room during the test. It consists of 150 multiple-choice and true-false questions and should be taken in one sitting of 3-hours or less.

\*Prep class does not sign you up for the exam or cover the cost of the exam

## Why become an ACE?

Becoming an Associate Certified Entomologist (ACE) can help you gain better visibility, be recognized as an expert in the field. In today’s marketplace it’s important to set yourself apart from the competition. This special program will assist you in preparing for the ACE exam. The program is a study program designed to keep you on track with preparing for the three hour exam. Actual webinars will be limited to 40 students and will begin on March 18, 2025. Students will be given weekly email assignments on study course topics to keep you on track. We will meet each week to cover topics. If you are not sure if ACE is for you, attend our free introductory class to see what it entails.

Your Instructors are **Heather King Alonso**, a Board Certified Entomologist with 20 years of Urban Pest Management Education experience, **Amanda Klein**, Board Certified Entomologist with 14 years of Field Application and Urban Pest Management Education experience; and **Sarah Latyn**, a Board Certified Entomologist with 6 years of Urban Pest Management education experience, in both the field and classroom.
