

## "Green" B&G Sprayer

Promotes a "Green Image" to your customers. Can be used with all natural products, most common insecticides and Non Repellant type products. In addition to promoting a green image, with its green top and bottom, it allows the technician to easily identify the contents of the sprayer.

- Models with 9" or 18" extensions available
- Chemical resistant hose
- B&G 4 Way Tip
- Green top and carpet protector
- This sprayer meets the labeling requirements of most "Common Insecticides"

DESCRIPTION	ORDER #
Green Sprayer 9" Valve, CC Tip	11003917
Green Sprayer 18" Valve, CC Tip	11003958
