

PRODUCT DESCRIPTION

Power-Ox Pro is an instant mold and mildew stain remover that eliminates tough stains on contact. Power-Ox Pro is designed for restoration professionals who want fast results. Power-Ox Pro will save time and labor while delivering exceptional results.

Power-Ox Pro contains Sodium Hypochlorite. Do not use on color fast fabrics and materials. It will discolor metal, duct work, aluminum, steel, copper, mechanicals, etc.

DIRECTIONS

1. Personal Protective Equipment: Always wear safety goggles and chemical/water resistant gloves when handling and applying Power-Ox Pro. When applying this product always wear a respirator (3M 60923 P100 Organic Vapor / Acid Gas Cartridge Filter or Equivalent). Confined spaces, such as a crawl space require the use of makeup air for ventilation.
2. Application: Power-Ox Pro is ready to use (RTU) do not dilute. Using a chlorine resistant hand or pressurized sprayer apply Power-Ox Pro liberally on to the surface to be treated. Let stand until the stains disappears. For tough embedded stains a second application or light scrubbing may be necessary. This product may not remove stains embedded in silicone sealants, old grout, drywall or hard water stains.
3. Clean up: In most cases rinsing is not required. Allow surface to dry before applying Structure-Guard® mold resistant coating.
