

CORECOVER

Termite Control

The CoreCover is the ideal baiting system concealer for patios, sidewalks and driveways.

PRODUCT DESCRIPTION

CoreCover from Paragon is designed to conceal and protect termite baiting systems in concrete, brick and asphalt surfaces. Available in three colors that blend with driveways, sidewalks and patios. The 4 ½" cover diameter and 3" cores conceal and protect termite bait placements. A single tamper-resistant screw secures CoreCover, making installation quick and easy.

FEATURES

- Durable
 - Long lasting and chemical resistant
 - Stainless steel fasteners resist rust and corrosion
- Strong
 - Fiberglass reinforced
 - Can withstand weight of vehicles in driveways
- Simple, quick installation
- Economical
