Heavy Duty Hollow Core Drill Bits

Complete Units - includes core drill, spline or sds max adaptor, pilot bit and drift key.

	1-3/8"	008A(*)-HDCORE-138-18	18"
	1-3/4"	008A(*)-HDCORE-134-18	18"
	2"	008A(*)-HDCORE-200-18	18"
	2-1/2"	008A(*)-HDCORE-250-18	18"
	4"	008A(*)-HDCORE-400-18	18"
	4-1/2"	008A(*)-HDCORE-450-18	18"
	5"	008A(*)-HDCORE-500-18	18"
	6"	008A(*)-HDCORE-600-18	18"
	(*) Insert "A" for 18" Spline Adaptor		
	(*) Insert "B" for 18" SDS Max Adaptor		

Complete Units for Sentricon & First Line Termite Bait Stations (3-1/8"-3-1/2")
Includes core drill, spline or sds max adaptor, pilot drill and drift key.

3-1/8"	008A(*)-HDCORE-318-18	18"
3-1/2"	008A(*)-HDCORE-350-18	18"

(*) Insert "A" for 18" Spline Adaptor
(*) Insert "B" for 18" SDS Max Adaptor

Separates

Description:	Product Code#:
18" Spline Adaptor	008-HD-C-SPL-18
18" SDSMax Adaptor	008-HD-C-SDSM-18
Pilot Drill 3/8" x 5"	008-HD-C-PILOT
Drift Key	008-HD-C-DRIFT

Tips & Facts:

Use Sheffield Heavy Duty Core Bits to drill holes in concrete for placement of termite bait stations. For Dow's Sentricon stations or FMC's FirstLine stations, use 3-1/8" - 3-1/2" diameter cores.

Our core bits and adaptors are milled from solid Sheffield steel bar stock. Sheffield Core Bits are tough enough for drilling large diameter holes up to 6" in hard concrete.
