

ZeroTol[®] 2.0

Reducing Disease Pressure

ZeroTol 2.0 is broad spectrum bactericide/fungicide with a sustainable chemistry that gives professional landscapers a tool for controlling a broad range of pathogens like Dollar Spot, Brown Spot, Powdery Mildew, *Botrytis*, *Anthracnose*, *Pythium*, *Rhizoctonia*, and many more*. ZeroTol 2.0 increases the health of plants and grasses and reduces losses leading to maximum profits. The powerful two active ingredients, H₂O₂ and PAA, work in unison as a contact chemistry to reduce populations of dormant spores and active disease organisms.

ZeroTol 2.0 Tank Mixing Instructions

Be sure to jar test for compatibility of chemicals prior to mixing with ZeroTol 2.0 and to use tank mixed solutions within two hours of mixing. Test a small area with tank mix solution for plant response.

Compatible Fungicides & Insecticides

Fungicides				
Azoxystrobin	Chlorothalonil	Fenhexamid	Fludioxonil	Iprodione
Phosphorus Acid	Propiconazole	Thiophanate-methyl	Trifloxystrobin	Mefenoxam
Insecticides				
Abamectin	Acephate	Acetamiprid	Azadirachtin	Azinphos-methyl
Bifenthrin	Chlorpyrifos	Cyfluthrin	Imidacloprid	Indoxacarb
Malathion	Methomyl	Permethrin	Tebufozide	

Features & Benefits

- Fast Acting
- Foliar & Root Disease Control
- Zero-Hour REI, No Labor Loss
- Safe to Use Around People, Pets, & Wildlife
- Excellent Resistance Management Tool
- No Environmental Restrictions

Tank Mix Rates

Use	Application Rate	Directions
Curative	0.5 oz./Gallon	Spray every 7–14 days
Preventative	0.25 oz./Gallon	

Foliar Application Rates – Ornamental

Application	Oz./Gallon	Frequency of Application	Directions	Solution/ 1,000 sq. ft.
Curative	0.5 oz./gallon	1–3 consecutive applications as warranted	Wet thoroughly	3–5 gallons
Preventative	0.25 oz./Gallon	Weekly	Wet thoroughly	3–5 gallons

Drench Application Rates – Ornamental

Application	Oz./Gallon	Frequency of Application	Directions	Solution/ 1,000 sq. ft.
Curative	0.5 oz./Gallon	1–3 consecutive applications as warranted	Wet thoroughly	5 gallons
Preventative	0.25 oz./Gallon	Weekly	Wet thoroughly	5 gallons

Turf Application Rates

Application	Oz./Gallon	Frequency of Application	Directions	Solution/ 1,000 sq. ft.
Curative	12 oz./Gallon	1–3 consecutive applications as warranted	Drench	5 gallons
Preventative	8 oz./Gallon	Weekly	Drench	5 gallons
