

FeRRROME⁺⁺C[®] AC

LIQUID IRON 15-0-0

***Delivers fast, dependable green-up
without unwanted growth***

WHAT IT IS

FeRRROME⁺⁺C[®] AC Liquid Iron 15-0-0 is a sprayable formulation of iron, nitrogen, and sulfur designed to produce rapid turf green-up without encouraging the excessive growth associated with heavy use of nitrogen. Regular applications of FeRRROMEAC AC ensure a continuous supply of iron to help prevent and correct chlorosis resulting from iron deficiencies. It's compatible with most herbicides, pesticides, fertilizers, and fungicides, and is labeled for use on listed northern and southern turf grasses, shrubs, and trees.

WHAT IT DOES

FeRRROMEAC:

- Promotes rapid plant green-up
- Corrects iron chlorosis
- Is economical and easy to apply
- Is compatible with most herbicides, pesticides, fertilizers, and fungicides
- Won't burn when used per label directions

Labeled for use on:

- Listed turfgrasses, including bentgrass, bluegrass, tall fescue, and St. Augustinegrass
- Listed ornamentals, including alyssum, ferns, and ornamental cabbage
- Listed shrubs, including azalea, burningbush, and crepe myrtle
- Listed trees, including ginkgo, magnolia, and hard/sugar, and silver maple
