

TRIMEC® 1000

LOW ODOR

BROADLEAF HERBICIDE

Dependable, low-odor broadleaf weed control

WHAT IT IS

Trimec® 1000 Low Odor Broadleaf Herbicide delivers post-emergence control of tough broadleaf weeds, including clover, dandelion, chickweed, plantain, and many more. A mixed-amine formulation, Trimec 1000 contains four powerful ingredients formulated to help translocate through the plant and into the roots of even the most deep-rooted perennials. Trimec 1000 is rainfast in as little as eight hours, and treated areas can be reseeded in three weeks.

WHAT IT DOES

Trimec 1000 controls:

- Dandelion
- Clover
- Chickweed
- Plantain
- Bindweed
- Thistle
- More than 90 other listed weeds

Ideal for use on:

- Residential lawns
- Golf course fairways and roughs
- Commercial property
- Sports turf
- Sod farms
- Other non-crop turf areas

Labeled for use on:

- Fescue - tall, red and fine leaf
- Bluegrass - Kentucky and annual
- Ryegrass - annual and perennial
- Bermudagrass - common and hybrid
- Zoysiagrass
- Buffalograss
- Bahiagrass
