YCS Wall Attachment Tape

YCS Wall Attachment Tape

*YCS-100WAT 1.5"X100'
WALL ATTACHMENT TAPE*

This is the latest YCS patent product, it has an activations strip that attaches to the foundation wall, with our approved YCS Magic Sealant / Adhesive*. The other side is our release strip. This can be attached to the YCS 6 mil, 10 mil, 12 mil vapor barriers, pre-cut wall liners, insulation board and to the foundation wall, with NO mechanical fasteners.

This product can be used for total encapsulation or simply sealing a vapor barrier to the foundation wall. In any case, it is important to seal the vapor barrier to the foundation wall, limiting, soil gases, moisture, air and insects from entering the crawl space. This system will also stabilize the vapor barrier and keep it from moving around and bunching up in your crawl space.

** YCS approved Magic Sealant / Adhesive MUST be used to insure proper adhesion to the foundation and our product. This product has, low VOC, low smell, non flammable.*
