

TWIST-LOK®

Light Duty

- 2'-4' (0.6 m – 1.2 m) extension pole - Model #9224
- 3'-6' (1.0 m – 1.8 m) extension pole - Model #9236
- 4'-8' (1.2 m – 2.4 m) extension pole - Model #9248
- 6'-12' (1.8 m – 3.6 m) extension pole - Model #9272

SPECIFICATIONS:

1" (2.5 cm) diameter round aluminum handle and
7/8" (2.2 cm) diameter round aluminum slider tube
PACK QUANTITY: 6

Anodized Aluminum

- The aluminum slider and handle combination provides the most lightweight extension pole possible.
- Anodizing prevents rust and provides a smoother extension.
- NyLar universal threaded end fits most standard threaded tools including paint rollers, edgers, dusters, and much more.

Internal Locking Device

- Bi-directional locking mechanism locks in either direction at any extended length.
- End cap with hole for peghook or easy storage.

Use TWIST-LOK to get all these jobs done.
