The triangular shape makes this trap versatile. The flat bottom allows placement on shelves or other flat surfaces. Trap is also hole punched for easy hanging with a supplied hanger.

**Trap Placement:**

- Regular trapping: 1 trap/300 sq ft.
- Mass trapping: 1 trap/100 sq ft.

Pro-Pest Pheronet traps can also be used inside *The Advantage* Flying Insect Trap. Remove release paper from glue board form board in a cylindrical shape & place inside trap body.
