

TANK MAX™

SPRAY TANK ACIDIFIER

Prevents Alkaline Hydrolysis

Biodegradable

Easy to Use

INGREDIENTS:

Proprietary Acidifiers.....	20.00%
Emulsifiers	0.50%
Color Indicator.....	1.00%
Inert Ingredients	78.50%

Danger: Keep out of Reach of Children

Net Contents: 1 qt. (946mL)

TANK MAX™

SPRAY TANK ACIDIFIER

It is a violation of Federal Law to use this product in manner inconsistent with its labeling.

DIRECTIONS FOR USE:

TANK MIX: Add appropriate amount of TankMax to spray tank solution prior to the addition of pesticides and fertilizers.

PALE YELLOW: pH = 7.0 • **ORANGE:** pH = 6.0-6.5
RED: pH = 4.5-5.0 (Optimal pH range for alkaline hydrolysis prevention = 5.0-6.0)

USE RATES: The typical rate for TankMax is 4-8 oz. per 100 gallons of water.

TankMax is a spray tank acidifying agent capable of reducing tank pH levels to prevent alkaline hydrolysis (the chemical degradation of pesticides at a higher pH). As TankMax lowers the pH of the spray solution, the solution will change colors from pale yellow to red indicating optimal solution pH has been reached.

FIRST AID:

Poison Control can be reached by calling 1-800-222-1222 or on the Internet at www.poison.org. Always have product label available when contacting Poison Control.

HAZARDS & PRECAUTIONS:

[GHS HAZARDS] Causes severe skin burns and eye damage. Causes serious eye damage. May cause respiratory irritation. May be corrosive to metals.

[GENERAL] If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use.

Target Specialty Products makes no warranties expressed or implied and hereby disclaims all such warranties as to any matter including, w/o limitation: compatibility of TankMax with adjuvants, additives, etc. Target Specialty Products shall not be liable for any direct, consequential, or other damages suffered by user or any third parties resulting from the use of TankMax on its own or as a mixture with other products.

HAZARDS & PRECAUTIONS:

[PREVENTION] Do not breathe mist, vapors or spray. Wash hands, face and other affected areas thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. Use only outdoors or in a well-ventilated area. Keep only in original container.

[IF SWALLOWED] Rinse mouth. Do NOT induce vomiting.

[IF ON SKIN OR HAIR] Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

[IF IN EYES] Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Absorb spillage to prevent material damage.

[IF INHALED] Remove to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician. Specific treatment see Section 4, First Aid Measures, on this SDS.

STORAGE: Store in a well-ventilated place. Keep container tightly closed. Store locked up. Store in corrosive resistant container with a resistant inner liner.

DISPOSAL: Dispose of contents/container to Local, State and Federal Regulations.
