Manufactured by:
CustomBio™ Since 1992
bacteria in action!™

DIRECTIONS TO PREPARE: Once per day, fill the sprayer with water. Drop in one (1) CleanBlitz® Tablet and allow time to dissolve.

DIRECTIONS TO APPLY: Spray a fine mist on the surface area. Fine mist allows even distribution of the product.

BAR AREAS: Spray bar drains, cracks and crevices, areas behind equipment and any area that cannot be manually cleaned daily.

SODA FOUNTAINS: Spray drip trays and drains, as well as beside, behind, and under equipment.

TRASH ROOMS: Spray a fine mist on trash, in trash containers, on walls that receive splatter, on floor, and in drains.

DUMPSTERS: Spray a fine mist on trash and in the dumpster. Also spray outside walls and area around dumpster. Spray liquid runoff where dumpster drains.

REST ROOMS: Spray a fine mist on floors, in all drains, in toilet bowl, and on toilet sides. Spray a fine mist directly in and around urinals (on walls and floors).

For best results, use one CleanBlitz® Tablet per day in the sprayer.

DIRECTIONS FOR STORAGE: Rinse container between uses. Use (1) tablet each time. Use mixture in sprayer within 3 days. After 3 days, pour down drain, refill with water and use a new CleanBlitz Tablet.

DO NOT SPRAY DIRECTLY ON FOOD OR FOOD SURFACES.

WHEN USED ON FLOORS, PLEASE ALLOW TIME TO DRY TO PREVENT SLIPS AND FALLS
