The new Versaduster from B&G is a very reliable power duster at an economical price. Great for all dust applications from commercial kitchens to bed bug treatments.

- No batteries required
- Easily serviced
- Economically priced
- 40' recoiling hose
- Easy to fill
- Heavy duty XR Valve
- Works with all dust formulations
- Easily plugs into any power source
- Heavy duty design built for years of dependable service
- "No Clog" design applies a dust application with each pull of the trigger
- Can be purchased as a kit (without compressor) for use with a PAS or Versafoamer

*Heavy duty fan cooled  
compressor unit for long  
service life. Electrical  
connection is made by use of  
a standard extension cord.*

**Dust output is adjustable from a  
very fine to a heavy application.**

**Adjustment knob to  
control dust output.**

*Download a copy of our  
new Technical Manual  
on Dust Application at  
[www.bgequip.com](http://www.bgequip.com)*

*The Versaduster comes with a large and  
small dust bottle and a variety of tips.*
