2019 Program Guide

SPECIALTY PRODUCTS™

BASF Pest Perks Overview

The BASF Pest Perks Program provides cash rewards on everything you buy throughout the year from our extensive Pest Control portfolio, including **Termidor**[®] termiticide/insecticide. And because there is no qualification period, your rebate level keeps building all year to deliver maximum savings.

New for 2019!

Pest Perks now uses a Rebate Amount system. Each product has a Base Rebate Amount, which makes it easy to know the base rebate you'll receive for each product you buy. The Rebate Amount is used to determine program qualification and calculate your savings. As you qualify for higher status you'll save even more with rebate multipliers!

HOW YOU QUALIFY

1 PURCHASE Innovation

Earn a base rebate amount of at least \$60 on two or more Innovation Qualifiers.

Innovation Qualifiers:

- **Trelona**[®] **ATBS**[®] Annual Bait Stations
- **Fendona**[®] CS Controlled Release Insecticide
- **Selontra**[®] Rodent Bait
- **PT**[®] **Fendona**[®] Pressurized Insecticide

HOW YOU EARN

2 ACHIEVE Rebate Status

All qualifying general pest control & termite baiting purchases during the year count toward rebate status. See Step 2 of the Order Planner for a complete list of qualifying products.

Rebate Status	Qualifying Base Rebate	Multiplier
Bronze	\$150	1.0
Silver	\$300	1.5
Gold	\$500	2.0
Platinum	\$700	2.5
Diamond	\$1,000	3.0

3 EARN on Everything - Even Termidor[®]

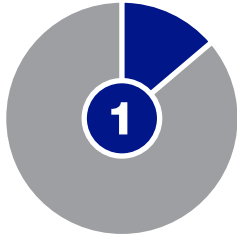

Qualify for Pest Perks and earn big on all your BASF Pest Control purchases throughout the year. **Termidor** agency products are not qualifying purchases toward rebate status achieved in Step 2. But, you still receive the status rebate earned in Step 2 on all purchases (including Termidor agency products).

The program period runs from January 1, 2019 to December 31, 2019, and rebates will be paid out in September 2019 and March 2020. No signup or paperwork is required. There is no qualifying period — you have all year to achieve the highest rebate level possible.

Eligibility is limited to BASF Qualified End-Users. All Termite Products sold are on behalf of BASF. All sales are final. No returns. BASF Pest Perks Program does NOT apply to BASF distributors, sub-distributors, dealers and/or resellers, house accounts, or on any incomplete end-user sales. The Qualified End-User will be paid the earned rebate total for all qualifying purchases of all BASF Pest Control Products INCLUDING all Termidor Termite Products purchased within the qualifying program dates. The BASF 2019 program base rebate amount of BASF General Insect Control (GIC) Qualified Products (excluding sales tax) purchased from an Authorized BASF PCS Agent/Distributor will be used to calculate Qualified End-User total purchases and rebate earned. BASF Pest Perks Program rebates will be based upon reported sales from the BASF Authorized Agent/Distributor. Multiple sales orders for one customer are cumulative and will qualify if ordered between program dates and from any Authorized BASF Agent/Distributor(s). Products must be purchased, invoiced and delivered between the program dates. No exceptions. The program base rebate amount of qualified General Insect Control (GIC) products will be used to determine Qualified End-User status, rebate multiplier, and rebate earned. Qualified End-Users will receive a rebate on the total invoiced amount (excluding taxes) of qualified products purchased from an Authorized BASF Distributor/Agent. All rebates will be mailed to the Qualified End-User. All products may not be registered for sale or use in all states. Please check with your state or local Extension Service. BASF reserves the right to cancel or modify this program at any time.

Always read and follow label directions. All product trade names are registered trademarks or trademarks of BASF.
