TAKE ADVANTAGE OF THIS FANTASTIC OFFER ON SYNERGETIC FLYLIGHTS!

OFFER DETAILS

Order now	And receive the following
4 x Aura, Aura Black, Halo 15 / Halo Aqua / Halo Curve, Edge, Nectar, or Allure	1 x Aura, Aura Black, Halo 15 / Halo Aqua / Halo Curve, Edge, Nectar, or Allure

Aura

Stylish and contemporary, the Aura™ decorative flylight is an ultra-discreet unit designed for front-of-house applications.

Edge

Developed to be the most effective glueboard flylight on the market, Edge™ is designed around patented* glueboard technology to catch significantly more flying insects than traditional glueboards.

Halo

With a contemporary, discreet aesthetic and commercial efficacy, Halo is the most versatile glueboard flylight available for use across a range of commercial applications.

Allure

Proven to have 60% greater UV light output than traditional electric grid flylights.

With an innovative, patented* open top design to maximise light output of the Synergetic® UV bulbs, this truly unique zapper flylight releases light from the back, sides and top of the unit, creating 60% more useful UV light output than traditional flylights utilising the same power UV bulbs.

Nectar

Nectar™ offers a highly effective in-counter solution to flying insects, providing versatile installation, dual attractant technology and simple servicing.
